

J Fields Co & Spa

OUR STORY

My name is Jessica Fields and I the founder and owner of J Fields Co & Spa. As a young child, I remember setting up lemonade stands to sell cookies, cupcakes, and drinks to earn and save money. As I grew older, I upgraded my lemonade stand into a Pamper Me business. I would do pedicures and massages for the adult friends of my family. I realized at a young I wanted to take care of people. I wanted to feed you and help you look good!

By the time I was in high school, I loved visiting stores that sold fragrant body washes, body lotions, scrubs and more. I couldn't wait to walk up to the sink and try a new scrub. In 2004, when I went away to college I started creating products to help "cure" my dry skin. I gave my products to friends, family, and classmates who encouraged me to sell the products. That very same year, Illustrious Skin Care was born.

I have been crafting skin care products for 15 years. In 2018 I began the course of becoming a licensed Esthetician. I didn't just want to offer skin

care products. I wanted to really help people get the skin they wanted. In January 2019, I opened my own spa. In addition to offering quality and luxury skin care products, I wanted to offer natural and organic facials, waxing, and other specialized beauty treatments.

After I became licensed, I rebranded the business J Fields Co & Spa. I am so proud of my skin care line and cannot wait to share it with the world and how it can help others achieve their skin goals. I work with Spa, Beauty and Wellness professionals to provide my clients with the best spa services in Houston, Texas and surrounding areas.

I aim to teach people how to feel good in their skin no matter what it looks like and if they are not happy with it, then together we can reach their specific skin goal. I desire to help and encourage other Spa, Beauty and Wellness professionals to create and build successful businesses in this industry.
